## HEARING LOOP INSTALLED

Thanks to a group of generous donors, St. Joseph has installed a Hearing Loop in the church. For those not familiar with a hearing loop, it is a special type of sound system for use by people with hearing aids. The hearing loop provides a magnetic, wireless signal that is picked up by the hearing aid. This will assist those who are hard of hearing. The Hearing Loop works with hearing aids that have the telecoil (t-coil)\* feature in them.

*\*A t-coil, or telecoil, is a small copper coil in a hearing aid that functions as a wireless antenna that links to a sound system or PA system, delivering customized sound to the hearing aid wearer. It is an option on most hearing aids and is generally in all cochlear implant processors.*

## ST. JOSEPH'S GIFT TO YOU!

What would our parish look like if every single parishioner prayed every single day? Truth is, most people probably have tried to develop this incredible life-changing habit. But it's hard! Matthew Kelly's new book, *I Heard God Laugh*—half memoir, half how-to—is the best companion for your spiritual journey. Enjoy our gift to you and your family - a copy of *I Heard God Laugh*. Copies can be found in the Narthex, the lobby of the Rowland Education Building, and in the Ministries & Administration Building (during office hours).
